April 14th, 2022

EFFECTIVE IMMEDIATELY

All Sales and Use of "Safe and Sane" Fireworks are Prohibited

Mt. Shasta, CA- Due to the continued dry fuel conditions and minimal precipitation, all fireworks sales and use are prohibited within the City of Mt. Shasta limits until further notice; this includes the sale and use of "Safe and Sane" fireworks. Banned and Illegal firework activity within the Mt. Shasta City limits will be prosecuted.

The lack of precipitation has led to most of Siskiyou County experiencing severe to extreme drought from information provided by the U.S Drought monitor for 2022. Higher than average temperatures and lower than average precipitation for our area over multiple years have all been considered in the decision to ban fireworks within the City of Mt. Shasta. Please continue to be vigilant and prepared in the case of a wildfire.

Sincerely,

Johnathan Duncan
Fire Chief
City of Mt. Shasta
